**HOW TO CONSIGN WITH THE FUNKY FROG:**

- The Funky Frog reviews clothing and other items **by appointment Monday through Friday from 10:00 - 5:00pm unless otherwise pre-arranged.** No Saturday drop offs.
- On the first business day of the month we take appointments for the NEXT month. (For example, December 1 we take appointments for January). Appointments book quickly.
- We will review your items while you wait. In rare instances we may require additional time and will give you an estimated time for you to return to pick up items we cannot sell.
- Please call ahead to insure that we are not overstocked on the items you wish to consign and that we are willing to take the items you are bringing in. Particularly for large items such as swings, furniture, strollers, etc.
- We request that all clothing be brought in **freshly laundered, in excellent condition (no smoke, pet hair or stains), in style and in season.**
- Please **limit the quantity of items you bring into to 30.** This quantity will allow us to review your items in a brief visit, while you wait.
- When you select items to consign at The Funky Frog, ask yourself if **YOU** would buy them. If you wouldn't buy them as they are, please don't bring them to us.
- Please bring your items in plastic tubs, laundry baskets or boxes. **No plastic/trash bags.** Items will not be reviewed if they arrive in trash bags. No exceptions.
- Please do not bring in clothes with missing or removed brand, size and washing tags.
- We do not accept items with garage or Mom2Mom sale price tags/stickers. (Please leave all original price tags in place if the item is brand new/never used).
- During your visit, we will go through your clothing and other items and choose what we believe will sell. We will give you back what we cannot use and ask that you take it with at your initial visit. We do not have room to store anything. Items left at The Funky Frog over 24 hours will be donated at the end of the business week.
- Furniture and equipment must be wiped down, clean and ready for sale. All items must be assembled prior to, or at the store, for review. We ask this since you are the one who knows the item best. Product instructions or manuals always make it easier to sell the item.
- **All battery-operated items arrive with fresh batteries and functioning.**
- All toys, baby equipment and furniture are checked against the Consumer Product Safety Commission's list of recalled or defective items and will be returned to you if they appear on the list.
